Purchase Transactions	Assignment of contract or finders fees reflected on the purchase contract are not eligible to be included in the sales contract price or associated with the LTV calculation.
	with the LTV calculation
Rate / Term Refinance	 Pay off an existing first mortgage loan and any subordinate loan used to acquire the property. Pay off any subordinate loan not used in the acquisition of the subject property, provided one of the following apply: Closed-end loan, at least 12 months of seasoning has occurred.
	HELOC, at least 12 months of seasoning has occurred, and total draws over the past 12 months are less than \$2,000. (For business purpose transactions, any draw over the life of the loan may not have been used for personal use. Business purpose transactions will require a draw history schedule, along with an attestation from the borrower, in the credit file, that none of the advances were used for
	personal/consumer use).
	 Buy out a co-owner pursuant to an agreement. Cash back in an amount not to exceed the lesser of 2% of the new loan amount or \$5,000 can be included in the transaction. If the subject property was acquired greater than six (6) months from application date, the appraised value will be used to determine LTV/CLTV. If the property was acquired less than or equal to six (6) months from the application date, the lesser of the current appraisal value or previous purchase price plus documented improvements (if any) will be used to determine LTV/CLTV. The purchase settlement statement and any invoices for materials/labor will be required.
	 Refinance of a previous loan that provided cash out, as measured from the previous note date to the application date, and is seasoned less than 12 months, will be considered a cash out refinance.
Cash Out	Cash-out eligible to satisfy the reserve requirements.
Refinances	Loans not eligible for cash-out:
	 Primary Residence or Second Home properties listed for sale in the past six (6) months. Investment properties listed for sale in the past six (6) months, unless a three (3) year prepay penalty, There has been a prior cash-out transaction within the past six (6) months A minimum borrower seasoning requirement of six (6) months is required for a transaction to be eligible for cash-out.
	 For properties owned 12 months or longer, the LTV/CLV is based upon the appraised value. If the cash-out seasoning is less than 12 months, but greater than 6 months, the transaction property value is limited to the lower of the current appraised value or the property's purchase price plus documented improvements.
	 Cash-out seasoning of six (6) months or less is allowed with the following restriction: The Seller has documented that the borrower acquired the property through an inheritance, or was legally

Accessory Units	If the property contains an accessory unit, the property is eligible under the following conditions.
	 The property is defined as a one-unit property with an accessory unit Multiple accessory units are not permitted
	 The appraisal report demonstrates that the improvements are typical for the market through an analysis of at least one comparable property with the same use
	 Rental income may be used for the accessory unit subject to the following: Appraisal to reflect zoning compliance is legal
	o Permit is not required to establish zoning compliance
	 Appraisal to include at least one comparable with an accessory unit
	 Refinance – The market rent for the accessory unit should be documented on FNMA Form 1007 and the file must include a copy of the current lease agreement with two (2) months proof of current receipt Purchase
	 Owner-Occupied/2nd Home: Income from the accessory unit may not be used as qualifying income
Condo	Non Owner-Occupied: User the lower of the market rent on FNMA Form 1007 or actual rent.
Condo	 Any projects with significant deferred maintenance or have received a directive from a regulatory or inspection agency due to unsafe conditions are not eligible
	Projects identified as 'Unavailable' by FNMA are not eligible
	Project review not required for Two- to Four- unit condo projects
	Borrower must carry HO-6 coverage for replacement of fixtures, built-ins, and any improvements made to the unit
	Projects in litigation may be allowed on case-by-case basis. Lawsuit(s) cannot be structural in nature or effect marketability of the project
	HOA Cert must verify the following:
	Commercial space allowed up 50% of project
	 No more than 20% of the total units must be 60 days or more past due
	 Investor concentration allowed up to 60%
	Single entity ownership allowed up to 20% of the project
	 Project documents do not give a unit owner or any other party priority over the rights of the first mortgagee
Condo	Florida Condominiums:
Continued	• For loans secured by a condominium unit in the state of Florida, if the project is over 30 years old (or 25 years if within 3 miles of the coast), a structural inspection is required for projects greater than 5 stories. The inspection needs to address items that substantially conform to the definition of a milestone inspection as defined in Florida statute 553.899.
	 Inspection must confirm there are no conditions severe enough to affect the safety, soundness, structural integrity, or habitability of the improvements
	o Projects with an unacceptable or no inspection are ineligible
	See the current Loan/LTV matrix for maximum LTV/CLTVs and loan amounts.
	 Verus' project exposure maximum shall be \$5,000,000 or 20% of the total units in the project, whichever is lower.
	 Projects consisting entirely of detached (site) units will not require a project review and are eligible for single- family dwelling LTV/CLTV. Completion of the Homeowners Association (HOA) questionnaire is not required for site condominiums.
	 Project has been created and exists in full compliance with applicable local jurisdiction, State, and all other applicable laws and regulations.
	Subject Unit Minimum Requirements: Minimum 500 Square Feet, Full Size Kitchen, minimum of one (1) bedroom.
	Commercial space allowed up to 50% of the project.
	 No more than 20% of the total units in the project may be 60 days or more past due on the condominium/HOA fees.
	 For condominium projects consisting of five or more units, single entity ownership is limited to 20% of the project.
	 Investor concentration allowed up to 60%. A higher percentage may be considered when the subject transaction is an investment property when a history of a high percentage of rental units in the project can be demonstrated.
	The project developer may be in control of the condominium association provided the Master Agreement allows for the homeowners to take control upon either a predetermined percentage of unit sales or within a defined time frame.
	 Projects involved in litigation are acceptable provided the lawsuit(s) are not structural in nature which impact the subject unit and do not affect the marketability of the project units and potential damages do not exceed 25% of HOA reserves or documentation from the insurance carrier or attorney representing the insurance carrier that the insurance carrier has agreed to conduct defense and the HOA insurance policy is sufficient to cover the litigation expense.
	 Borrower must carry HO-6 coverage for replacement of such items as flooring, wall covering, cabinets, fixtures, built-ins, and any improvements made to the unit.
	 Seller must confirm that the project documents do not give a unit owner or any other party priority over the rights of the first mortgagee.
